WABCO shock absorbers - appealing applications for cabs

WABCO already offers more than 200 different applications for motor vehicles, trailers and buses.

To complement our range of shock absorbers, we can now offer more attractive models which deliver clear price advantages.

These new additions are particularly focused on Volvo, DAF, Scania and Renault cab applications.

Detailed below is the documentation for the new models:

- Cross reference information of major shock absorber manufacturers
- Vehicle manufacturer application details

All the new products are available to purchase immediately

The new range mainly covers cab shock absorbers.

The following table provides an overview of the newly-available models with an excerpt from the application data.

15.06.2010
