Compact Tester Update on Version 1.75 for VCS II

When you are in possession of a Compact Tester 446 300 400 0 for Trailer ABS, you have the alternative to also apply it to the new Trailer ABS VCS II.

For this you will need an update of the tester. After the update all known functions e.g. reading out and deleting of the diagnostic memory are available.

Of course the tester may be also longer used for VCS I and Vario C.

A system startup of a VCS II system via Compact Tester is not possible due to technical reasons.

For this we recommend use of the PC diagnosis 246 301 5.. 0 to be found in the Internet under **www.wabco-auto.com** in menu Downloads / Diagnostic Software.

For the Update please send your Compact Tester with free delivery to the following

Address:	**Imo-elektronik GmbH** **Att. Mr. Volland** **Edisonstraße 19** **D 33689 Bielefeld**
Keyword:	**Update Compact Tester**
Price:	**€ 50,-- + VAT + forwarding cost**
