

Discharge Valves 963 006 ... 0 with colored control buttons

New in our product range

yellow 963 006 006 0

blue 963 006 007 0

white 963 006 008 0

Discharge valves with three different colored control buttons now additionally available from WABCO. This will cover special applications in the field of towed vehicle construction.

Incorporating a green control button, these discharge valves are identical, both in installation and function, with modification 963 006 005 0. The new discharge valves can be used for additional functions such as locking of extendable trailer chassis.

Following an overview of our current product range:

Discharge valves without flange with thread in port 1-2 and 2

Order number	Control button	Thread	Application:
