

3rd WABCO Air Springs Range Extension

As previously announced, WABCO integrated recently 18 applications of air springs. Within these new variants, we have focused on trucks like Actros, Volvo FH 12, RVI Premium and trailers like BPW, SCHMITZ and SAF.

Please find in the enclosed table information regarding these new applications:

WABCO	Competition	Applications
896 130 145 4	RZ450-25	Mercedes bus
896 130 146 4	673N	Many bus applications
896 130 153 4	882N1	MAN
951 811 710 0	4022NP03	SAF E5 (steel piston)
951 811 743 0		BPW 30 composite piston
951 811 750 0		SAF E5, composite, studs centralized
951 811 751 0	4022NP03	SAF E5, composite, studs non centralized
951 811 762 0		BPW 30 Univ.Piston
951 811 764 0	4157NP06	Weweler schmitz
951 811 772 0	4157NP10	SMB/Fruehauf
951 812 762 0	4713NP02	Volvo FH12
951 813 711 0	4912NP07, replaces 4912NP05	Magnum/Premium
951 813 714 0	4911NP03	Magnum/Premium
951 814 781 0		BPW 36-1
951 895 050 0	4390NP01	Actros, one stud
951 895 060 0	4390NP02	Actros, two studs
951 899 001 0	SP 2782 NB (Springride)	SMB, Lohr, GT, 12"x2
951 899 002 0		Volvo 3116799 APAC

Our WABCO branded air springs offer you a strong coverage rate on European vehicles. This range extension is completing a full range of applications which is now counting 70 part numbers.

The new part numbers are available from now on except 3 part numbers (written in *italic* in the above table). These variants will be released mid August:

All other variants can be ordered from now on at your usual WABCO contact. Please refer to our catalogue "Air Springs for Commercial Vehicles" to get an overview on all applications
