

**Invitation for the IAA Nutzfahrzeuge 2006 in Hanover**

**WABCO in Hall 26 Stand B14**

The IAA Commercial Vehicles 2006 is one of the world's most comprehensive commercial vehicle tradeshow's, its doors at the exhibition center in Hanover, Germany will be open from the **21st to the 28th of September**.

As one of the world's leading producers of electronic braking, stability, suspension and transmission control systems for heavy duty commercial vehicles, WABCO will be there introducing innovative new products, celebrating 25 years of commercial vehicle ABS technology in the market and presenting its complete range of technical expertise.

In Hall 26, Stand B14, WABCO will be present with 400 square meters of exciting innovations including air management products, braking systems, diagnostic systems, electronic stability control, suspension controls and tire pressure monitoring. An overview of our stand features will be available in early September on our website, this can be found at [www.wabco-auto.com](http://www.wabco-auto.com) in the 'About us' menu followed by "TradeShows and Events".
