

## MERCEDES E-CLASS AND CITROËN PICASSO – TWO NEW COMPRESSOR AGGREGATS FOR THE IAM

Two new WABCO compressor variants for the air suspension of Mercedes E-Class S212/W212 and Citroën C4 Picasso have been designed especially for the Independent Aftermarket (IAM) in order to sustain the market success of these products.

Both new variants are technically comparable to existing compressors of Original Equipment Suppliers (OES), the only difference being the integration of WABCO branding to ensure IAM customers remain independent and the bracket that stays in the vehicle.

The compressor is the heart and main component of an Air Supply Unit (ASU). Generally, original equipment suppliers offer the complete Air Supply Unit as a replacement in the event of a repair. WABCO provides a repair solution to its customers: the compressor can be replaced separately without replacing the complete Air Supply Unit.

415 403 323 0  
for Mercedes E-Class

415 403 003 0  
for Citroën C4 Picasso

### WABCO HAS BEEN A RECOGNISED OE SUPPLIER OF CAR COMPRESSORS FOR OVER 30 YEARS:

- Global market leader in air suspension compressors
- Used by virtually all major OEMs
- Over 3.75 million units installed
- Top quality, reliable and genuine products
- Wide range of variants
