

NEW LAYOUT FOR WABCO AIR DRYER CARTRIDGES

As specialist in compressed air braking systems, WABCO offers a comprehensive range of air dryer cartridges.

To be more consistent and recognizable all WABCO labelled cartridges will get a new layout.

- In order to reach optimal protection against counterfeit products in the market, all air dryer cartridge layouts will contain protected elements (registered trademarks).
- Further, all air dryer cartridges are now released for max. 14 bar working pressure.
- The new layout will be implemented in production successively from mid of March 2014 to end of June 2014.
