

NEW VARIANTS OF ECAS3 SOLENOID VALVES

WABCO's ECAS solenoid valves have proven their contribution to vehicle safety and efficiency in millions of applications thanks to their high reliability, low air consumption and compact dimensions.

The new ECAS3 solenoid valves will now replace the ECAS1 valves which will be withdrawn in the coming months.

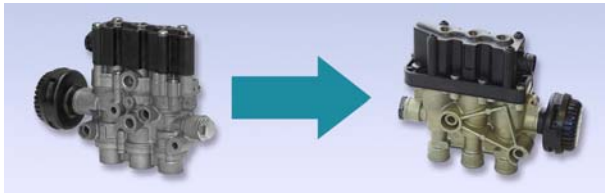

BENEFITS OF ECAS3 SOLENOID VALVES

- Design and assembly improvements provide greater robustness and reliability
- Improved water and dust tightness, translating into higher protection against environmental conditions
- Weight reduction which translate into fuel savings and/or additional payload
