

## NEW CAR COMPRESSOR FOR BMW 5/7 SERIES L6

A new WABCO compressor variant for the air suspension of BMW 5/7 series L6 has been designed especially for the Independent Aftermarket (IAM) in order to sustain the market success of these products.

The new variant is the Independent Aftermarket variant in addition to the Original Equipment Suppliers (OES) variant. The difference is the bracket that stays in the vehicle.

The compressor is the heart and main component of an Air Supply Unit (ASU). With original equipment suppliers, in case of a defect, the whole ASU needs replacement. With WABCO the compressor can be replaced separately.

### WABCO HAS BEEN A RECOGNISED OE SUPPLIER OF CAR COMPRESSORS FOR OVER 30 YEARS
