G1¼" right-hand thread, 14 bar	432 911 228 2	NEW	SCANIA

BENEFITS OF THE AIR SYSTEM PROTECTOR^{PLUS} TECHNOLOGY

With the Air System Protector^{PLUS} cartridge, WABCO is offering a product that surpasses all other cartridges available today in terms of its ability to separate oil and aerosols.

In addition, it exceeds the service life – with a recommended replacement cycle of three years under normal operating conditions – of all other products on the market.

Choose WABCO Air System Protector^{PLUS} cartridges for vehicles operated under extreme conditions that need to be protected against brake failures even in the case of long maintenance intervals.

To find out more about WABCO products, visit our product catalogue [INFORM](http://inform.wabco-auto.com) (inform.wabco-auto.com) and enter the part number in the "Product Number" search field.
