

## WABCO EXTENDS CORE RETURN SYSTEM

From February 1<sup>st</sup>, 2017, a wide range of WABCO calipers will be invoiced with a surcharge that will be refunded upon the return of the core (used part).

The core return process including core acceptance criteria to be performed according to WABCO document "Reverse logistic process & packaging guidelines".

### SAFETY FIRST

WABCO's reverse logistic process protects customers from misusing or reconditioning broken, damaged or worn out parts presenting critical safety issues.

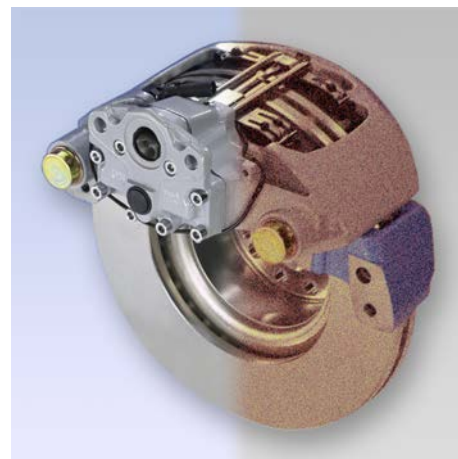

Functional tests of these calipers have shown highly dangerous malfunctions:

- Over 20% less braking force with 30% higher lever stroke,
- Adjuster mechanism significantly slower than the original WABCO air disc brake,
- A large air gap deviating from the OE specification by more than 50%.

Thus WABCO strongly advises you not to re-use brake calipers remanufactured by non authorized third parties.

### ENVIRONMENTAL PROTECTION

Returning caliper supports WABCO's contribution to a healthier environment as it ensures used products go through a recycling process or are appropriately disposed.

### WHICH CALIPERS ARE INCLUDED IN THE CORE RETURN PROCESS?

Product number	EUR		CHF		GBP	
	Gross Price 2017	Surcharge	Gross Price 2017	Surcharge	Gross Price 2017	Surcharge

## HOW ARE USED PARTS RETURNED?

Upon return of the used WABCO air disc brake caliper the corresponding deposit will be refunded. A used part can be returned up to one year after purchase. The year starts with the day stated on the WABCO invoice.

The core return system applies to WABCO direct customers who return products in surcharge program or exchange unit program – including cartridges.

The “Reverse logistic process & packaging guidelines”, logistic pick up forms are available for download at the website [myWABCO](https://www.am.wabco-auto.com) (<https://www.am.wabco-auto.com>).

The return process is operated via authorised WABCO partners. Please contact your [WABCO partner](#) ([www.wabco-auto.com/findwabco](http://www.wabco-auto.com/findwabco)) whether you need to return cores or further information.
